In the workshop, Dr. (Mrs.) Shashi Gaikwad addressed the crowd with the PowerPoint presentation and explained her views about the value of the education. In the workshop, she says that education is the backbone of the society. Without education, society can't run with morale values. She also told that Value education is the process by which people give moral values to each other. *Explicit value education* is associated with those different pedagogies, methods or program that teachers or educators use in order to create learning experiences for students when it comes to value questions. Principal, Dr. Atul B. Tekade said that, India is known for its rich cultural and spiritual heritage, and the need for a value-system through education has been felt and recognised through centuries. Value system play an important role in any decision making process. In fact, every human action is the reflection of personal and social values.

The workshop was very interactive and lots of activities such as open discussions, personal interaction, views sharing, and various thoughts of the students were conducted throughout the day. The workshop was attended by teachers and 55 students of the BND, FAD & Management department students of the college. The Principal Dr. Atul B. Tekade congratulated the resource person for a successful workshop. The workshop was ended at 03.00 pm and BND 1st year student Miss. Tashefa Parveen proposed the vote of thanks.

7. Outcomes:

- i) Students learnt that, Life without values education is like ship without rudder. Education without values or edification will fall short of achieving its goal.
- ii) Values work as guidance system and help us reach our destination.

8. Conclusion:

The youngsters need not only to be taught how to develop their skills, talents, and abilities, they must also be taught how to use these skills, talents and abilities for the welfare and betterment of all. Once values become everyone's priority in life, all the negative aspects of life will automatically dwindle.

Umang Geetai College of Women's Education, Nagpur had organized a one day seminar on topic Nutrition counselling on 15th Feb. 2018. The Chief Guest for the seminar was Dr. Sheetal Mundhada (Physiotherapist) for Neuro Physiotherapy Nagpur.

Nutrition counselling is a two-way interaction through which a patient and the member of the medical team interpret the results of a nutritional assessment, identify patient's nutritional problems, needs and goals, discuss ways to meet these goals, and agree on future steps and the frequency of monitoring.

In her speech she guided that Nutritional counselling has been recognised as the first line approach in the management of numerous chronic diseases. Though usually carried out by dieticians, nutritional counselling may be used by nurses, or other healthcare professionals to improve nutritional status and meet healthcare goals. Healthcare professionals require training and education to facilitate a patient centred approach to effective counselling. Advances in digital technology have the potential to improve access to nutritional counselling for some patients such as those in primary care. Total 45 students and 05 faculties participated in this seminar.
